SOME IMPRESSIONS OLD NORTH STATE

Marion N. C. Apr. 12, 1910.
Coming from Virginia over the great C. C. and O. road, which is a 20th century wonder in point of skillful engineering. Marion, North Carolina. Is the first town of prominence reached in the old "tar heel" state. Here the Carolina, Clinchfield road touches and crosses the Southern. Here travellers from all over the south turn northward for Virginia, West Virginia, Ohio, and later on when the C. C. and O. reaches the Great Lakes it will be a wonderful distributor throughout the east and northwest.

The road crosses the Southern a mile and a half east of Marion. Hacks meet all C. C. and O. trains for hotels. An electric line perhaps will relieve the situation before a great while.

Marion is the county seat of McDowell county and is an "old timer from away back." The Court House is a little old fashioned affair, with a peaked "cupola" of the pattern "befo de wah." Everything is "old timey."

The old time negro is here, "raggity" for keeps. The old brick residence and hotel, the one where I am writing has the deep concave worn in the stone door sill by the constant press of the foot steps of the hundreds of thousands of country men who have come here to court for generations long gone. The room in which I write has the old wide four panel hand made poplar door, with coat after coat of paint piled on through the many years gone by. The old four foot fire place greets you where pine and oak wood is still burned. One cannot help thinking as he gazes into its depths of the crackling logs and blaze of the long ago. How many a tale the fiery red tongues could tell of those who were there a hundred years ago and who told their story of tragedy and love, and enlivened the evening hours with song. How many of these departed spirits have come back to sit by the old fire place and crackling pine logs, to be seen only by Uncle Mose and Mike and Pomp and Dan and Aunt Dinah, as well, who tell "the believin' children" weird tales, which like hard shell religion, never entirely gets out of them. But enough of this, my hair is already a little "creepy". You need not be surprised Mr. Editor, if some one remarks, "I'll bet he kept the light burning all night," that's just what I am doing. No sir, no dark for me in one of these old rooms with its wide open fire place and little old flat mantel. Been too well trained.

Tis strange, yet true how naturally one reared amid the blue grass hills and mountains of Tazewell, makes, somehow unconsciously, notes of comparison between other places and people and things generally, with those of his native hills. Just now a little sheriff with squeaking voice comes out on the Court House "platform" and calls,—"John T. Morris, John T. Morris." How readily one thinks of one of Tazewell's big six foot sheriff's who would call the same in a great stentorian voice; and late yesterday evening I heard a little pine ridge cow bawl that wheezy whoo-ee and I thought of one of Tazewell's big thoroughbreds. Did you ever listen to one, slowly winding, her home-way o'er hill, or lean, turn loose that "bugle blast," a "Men El Air, Men El Lair". From the high hill tops it echoed and re-echoed far down the Witten valley and seemed to die away softly against a horizon twenty miles distant, more or less. One sometimes thinks it a sin anyway to live in Tazewell awhile and then spend the rest of life somewhere else.

I met high up in cloudland this week, Mr and Mrs. J. D. Alexander enjoying a visit to Prof. Allen and others at Asheville. They told me some of the sad happenings at Tazewell.

The general conference of the Southern Methodist Church, meets at Asheville May 4th and will continue about four weeks. The pastor at Asheville Central church said last Sunday morning that some of the greatest intellects of the world would be here. Among the number, Japan's representative, who declined the office of Prime Minister to his country to become a Christian worker in the Methodist church for his people. He is one great man certain. Not many of our Americans are looking for such a swap. So much might be said of Western N. C. God made the country here, whether he had anything to do with the towns or not. To attempt description, the imagination flags. The pen fails to picture the glories of his creation here. A whole chapter could be written about "Biltmore." The Vanderbilt possessions bewilder you. From the blue mountains far to the south of Asheville, forty, fifty and some say sixty miles north to Mt Pisgah and the "Smokies," his vast possessions lie. Too big, one remarked, what is Vanderbilt going to do with the Lord, but the next thought came, what is the Lord going to do with Vanderbilt.

Abide With Me!

(Mollie Roberson Wiltshire)

Abide with me! Through all of childhood's time
Temptations hover; Lord, let me be Thine
To every child will come a need of Thee;
O Thou, the children's Friend, abide with me
Abide with me! Through all of girlhood's days
Will come the siren's voice, the flatterer's praise;
Let me but feel that they from me will flee
Because that Thou wilt, Lord, abide with me!

Abide with me! When womanhood is here
The world will beckon and I need Thee near;
Sin may allure or wealth entice from Thee;
Keep Thou me close, dear Lord, abide with me!
Abide with me! When old age's chilly touch
Shall frost my hair, shall hold me in pain's clutch;
From earthly things set Thou my heartstrings free,
To love Thee best, dear Lord, Abide with me!

Abide with me! When death shall spread his wings
And lift me upward far on heavenly things
And when with joy, Lord, Thy dear face I see,
I'll know that then Thou wilt abide with me!

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of every ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness—caused by catarrh—that cannot be cured by Halls Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, O. Sold by druggists, etc.

CORN EIGHT INCHES HIGH

Mr. Joseph Howard that unconstructed Confederate, has a good running start for a fine corn crop this year. We are informed that he has corn eight inches high, and still growing higher. If the freezes don't get him he will be in for a good yield. However, there is time enough to plant corn. The land is getting thoroughly warmed up, and nothing will be lost by waiting until about May 1st when danger of frost will be over.
